

**SUBJECT: THERAPY DOGS**

The District supports the use of therapy dogs and service dogs in training by teachers and other qualified school personnel (“Owner”) for the benefit of its students, subject to the conditions of this policy.

**Therapy Dog.**

A “therapy dog” is a dog that has been individually trained and certified to work with its Owner to provide emotional support, well-being, comfort, or companionship to District students. Therapy dogs are not “service animals” as that term is used in the American with Disabilities Act. The dog must be well behaved and have a temperament that is suitable for interaction with students and others in a public school. Therapy dogs are the personal property of the teacher or employee and are not owned by the District.

**Therapy Dog Standards and Procedures.**

The following requirements must be satisfied *before* a therapy dog will be allowed in school buildings or on school grounds:

- a) Request: An Owner who wants to bring a therapy dog to school must submit a written request form to the Superintendent. The request must be renewed each school year or whenever a different therapy dog will be used.
- b) Training and Certification: All therapy dogs and owners shall be tested and accredited by Therapy Dogs International (TDI) or a comparable authority as determined by the Superintendent. The certification must remain current at all times.
- c) Health and Vaccination: The therapy dog must be clean, well groomed, in good health, house broken, and immunized against diseases common to dogs. The Owner must submit proof of current licensure from the local licensing authority and proof of the therapy dog’s current vaccinations and immunizations from a licensed veterinarian.
- d) Control: A therapy dog must be under the control of the teacher or school employee through the use of a leash or other tether unless the use of a leash or other tether would interfere with the therapy dog’s safe, effective performance of its work or tasks. However, the therapy dog must be under the owner’s control at all times.
- e) Identification: The therapy dog must have appropriate identification identifying it as a therapy dog.

## Community Relations

**SUBJECT: THERAPY DOGS (Cont'd.)**

f) No Disruption: The therapy dog must not disrupt the educational process by barking, seeking attention, or any other behavior.

g) Health and Safety: The therapy dog must not pose a health and safety risk to any student, employee, or other person at school.

h) Supervision and Care of Therapy dogs: The Owner is solely responsible for the supervision and care of the therapy dog, including any feeding, exercising, and clean up while the animal is in a school building or on school property. The District is not responsible for providing any care, supervision, or assistance for a therapy dog.

i) Authorized Area(s): The Owner will only allow the therapy dog to be in areas in school buildings or on school property that are authorized by District administrators.

j) Insurance: The Owner must submit to the Business Office a copy of an insurance policy that provides liability coverage for the therapy dog while on school property. With valid certification and while 'working' at the school under the owner's supervision, the District's liability insurance shall serve as secondary coverage.

**Exclusion or Removal from School**

A therapy dog may be excluded from school property and buildings if an administrator determines that:

- a) A handler does not have control of the therapy dog;
- b) The therapy dog is not housebroken;
- c) The therapy dog presents a direct and immediate threat to others in the school; or
- d) The animal's presence otherwise interferes with the educational process.

The Owner will be required to remove the therapy dog from school premises immediately upon such a determination.

**Allergic Reactions**

If any student or school employee assigned to a classroom in which a therapy dog is permitted suffers an allergic reaction to the therapy dog, the Owner of the animal will be required to remove the animal to a different location designated by an administrator.

**Damages to School Property and Injuries**

The Owner of a therapy dog is solely responsible and liable for any damage to school property or injury to personnel, students, or others caused by the therapy dog.
